Subject: Re: National Brownfields grants award announcements Wednesday

Jane pointed out that, unlike prior years, R9 has no tribal recipients this year. Successful award recipients will be notified tomorrow and will be announced via EPA's press releases and media strategy. Unsuccessful applicants will receive a letter (but will also become aware based on EPA's media outreach and communication of the awardees.)

Given that a significant number of our tribes applied for Brownfields funding, and that many tribal representatives are here in our offices this week for RTOC meetings, we wanted you to be aware of the national Brownfields award announcement (and regional amplification), and of the implications for our tribes (who may not receive formal notification til late this week or early next week.)

FOR IMMEDIATE RELEASE: May 8, 2013

CONTACT: David Yogi, 415/972-3350, yogi.david@epa.gov

Two Grass Valley, Calif. groups awarded \$1 million in U.S. EPA Brownfields grants

Grants part of over \$62.5 million awarded nationally

SAN FRANCISCO – The U.S. Environmental Protection Agency today awarded \$600,000 in Brownfields hazardous substances cleanup grants to the Yuba River Charter school, located in Grass Valley, Calif. and \$400,000 in community-wide hazardous substance and petroleum assessment grants to City of Grass Valley (Calif.) as part of a \$62.5 million in EPA Brownfields Assessment, Revolving Loan Fund, and Cleanup (ARC) grants awarded nationally to over 240 recipients.

“These grants will go a long way to bring areas in Grass Valley back into productive reuse while engaging community members in the process,” said Jared Blumenfeld EPA’s Regional Administrator for the Pacific Southwest. “EPA is pleased to be able to fund these local projects that will help revitalize neighborhoods and spur economic activity.”

Three \$200,000 hazardous substance cleanup grants were awarded to Yuba River Charter School to remediate areas near the school that were mined for gold in the 19th century and, more recently, used for 50 years to burn municipal solid waste. Upon completion of the site remediation, the properties will become part of the new Yuba River Charter School.

The City of Grass Valley’s \$200,000 community-wide hazardous substance assessment grant and \$200,000 community-wide petroleum assessment grant will be used to conduct approximately 30 Brownfields hazardous substance site assessments sites across the city. Results from these site assessments will be used to create ranked inventories of hazardous substance and petroleum sites and develop cleanup strategies. Grant funding will also be used to conduct community involvement activities.

Nationally, 240 recipients have been recommended to receive \$62.5 million in grants. These new investments, funded by EPA’s Brownfields Assessment, Revolving Loan Fund, and Cleanup (ARC) grants, provide communities with funding necessary to assess, cleanup and redevelop contaminated properties, boost local economies and leverage jobs while protecting public health

and the environment.

These Brownfields grants target under-served and economically disadvantaged neighborhoods – places where environmental cleanups and new jobs are most needed. Approximately \$29.5 million are going to communities that have been impacted by plant closures. Other selected recipients include tribes and communities in 45 states across the country, and nearly half of the grantees this year are new recipients.

There are an estimated 450,000 abandoned and contaminated sites in the United States. More than 20,000 properties have been assessed, and more than 850 properties have been cleaned up. EPA's Brownfields investments have also leveraged more than \$19 billion in overall cleanup and redevelopment funding from public and private sources. On average \$17.79 is leveraged for every EPA Brownfields grant dollar spent. These investments resulted in approximately 87,000 jobs nationwide. When Brownfields are addressed, nearby property values can increase 2-3 percent.

A 2011 pilot study indicated Brownfields site redevelopment increases location efficiency, which means that residents live closer to where they work and play reducing their commute times and greenhouse gas emissions. EPA's preliminary research has also shown that redeveloping Brownfield sites results in an efficient reuse of existing infrastructure and decreasing instances of stormwater runoff. These projects can have a positive impact on community revitalization by leveraging jobs, producing clean energy, and providing recreation opportunities for surrounding neighborhoods.

Dear Ms. Ebbert,

I am following up regarding arranging a meeting between Jared Blumenfeld and representatives of the Summit Lake Paiute Tribe. One possibility would be for Jared to come to a Summit Lake Paiute Tribal Council meeting. During the winter their meetings are held in Sparks Nevada. The next one will be on Saturday February 16 and the one after that on Saturday March 16. If that doesn't work, I will see if Chairwoman DeSoto could make arrangements to come to San Francisco again.

Sincerely,

Aaron Peskin

Subject: Re: Summit Lake Paiute
Tribe

Hi Aaron -

I hope you had a good New Year's!

I am in receipt of the letter and agree it would make sense to have a meeting with the Chair. Please can you work with Laura Ebbert to set up a

time that works for all. We can also do a call if in-person is tough to organize.

Best, Jared

Dear Jared,

Happy New Year. Just checking to see if you are in receipt of Summit Lake

Paiute Tribe Chairwoman Randi DeSoto's letter regarding the on-going

financial matters with EPA? She would like to meet with you in an attempt

to resolve the matter. Please let me know if you have not received the letter which was supposed to have gone out a couple of weeks ago.

Best,

Aaron Peskin

Hi Jared,
Greenaction is applying to the San Francisco Department of the Environment for this grant for community outreach on the Bayview Hunters Point Brownsfields sites.

Can we list you as one of the references as you are familiar with our BVHP work, our work on government grants (SFE and EPA) and our work with a wide array of public agencies which are all qualifications SFE is looking for.....

CITY AND COUNTY OF SAN FRANCISCO
Department of the Environment
Brownfields Community Outreach
Grant Solicitation

Grant Solicitation Issue Date: January 17, 2013

Deadline to submit applications: February 7, 2013, 3:00 p.m. at 11 Grove Street

The City and County of San Francisco, Department of the Environment (SFE) is a municipal agency which creates visionary policies and innovative programs that promote social equity, protect human health, and lead the way toward a sustainable future. SFE's Environmental Justice (EJ) program is dedicated to promoting healthy, sustainable communities, focusing on the most vulnerable, and lower-income neighborhoods in San Francisco.

ABOUT THIS GRANT

SFE will grant \$30,720 to a qualified non-profit organization to perform outreach services using traditional and inventive strategies to reach and inform the Bayview Hunters Point (BVHP) community about the Brownfields site assessments and the future development along the area's waterfront corridor, the Blue Greenway. The project will end September 30, 2015. The selected organization will work with SFE to reach, inform and engage community members and stakeholders in this process to promote the redevelopment of Brownfields sites for reuse as recreational open spaces. The Brownfields Community Outreach Grant is part of a three year grant funded by the U.S. Environmental Protection Agency (EPA).

For this grant, SF Environment will disburse \$30,720 over the next thirty months (approximately \$ 12,288 per year).

BACKGROUND

SFE's EJ program received funding to conduct Brownfields site assessments in the Bayview Hunters Point (BVHP) community and surrounding southeast area of San Francisco. EPA's grant support will enable SFE to review the Brownfields site inventory and perform assessments on up to 10 potentially contaminated sites within BVHP. SFE's Brownfields project supports the expansion and development of the Blue Greenway, a waterfront open space corridor that extends the region's Bay Trail along the San Francisco's eastern shoreline and southward into the BVHP community.

Local residents, businesses, City agencies and non-profit groups are working together to help develop the Blue Greenway. The Port of San Francisco is serving as the City's lead agency for the Blue Greenway project and making significant waterfront improvements supported by bond funds committed by the City.

SCOPE OF WORK

The Scope of Work is to be used as a general guide and is not intended to be a complete list of all work necessary to fulfill SFE's needs.

The goal of this outreach project is to actively engage and inform the community about the Brownfields assessment work in the BVHP and the plans to develop and extend the Blue Greenway along the area's waterfront. Tasks includes supporting the involvement of an advisory committee that will help guide the project and identifying and soliciting input from additional community stakeholders. The selected organization will convene the quarterly advisory committee meetings and attend other public meetings to provide updates and gather input and support for the project. SFE will work with the organization to prepare and disseminate newsletters, prepare and post online updates, conduct interviews and surveys; make presentations before public bodies such as the San Francisco Commission on the Environment and San Francisco Board of Supervisors. The design and scope of the outreach plan must represent and clearly reflect the community's racial, age and cultural diversity to successfully engage this community as a whole.

The Scope of Work for the non-profit partner includes the following tasks and deliverables:

1. Assist in the development and implementation of a targeted outreach plan to reach and inform the BVHP community and project stakeholders.
 - a. Identify strategic outreach tools and approaches to reach BVHP community residents.
 - b. Develop an effective messaging plan to reach, inform and engage community residents.
 - c. Create outreach strategy that demonstrates cross cultural appeal and reflects the diverse community
 - d. Establish a plan to reach underrepresented groups at project meetings and events
 - e. Set short and long-term objectives with milestones to achieve outreach goals
 - f. Implement multi-phase outreach plan over the entire life of grant
 - g. Tracks & evaluate progress, results, trends, interest, attendance, etc
2. Assist in the development of outreach materials including fact sheets, newsletters and related outreach materials, etc.
3. Support advisory committee and convene quarterly meetings
4. Make presentations at various community and public meetings. Identify standing community meetings to make informational presentations or to provide relevant information.
5. Survey and interview community members concerning project, progress and plans.
6. Submit quarterly and annual reports to SFE in a form approved by SFE

GRANT PROCEDURES & GUIDELINES

Who can Apply – Only non-profit organizations are eligible to apply. Applicants are required to submit proof of non-profit status. For-profit groups, City Departments, and other government agencies may only participate as a sub-contractor to an eligible non-profit organization. Current or past SFE grant recipients may apply for additional grant funding.

Grant Type –SF Environment will award full funding to one applicant. The grant will be a maximum of \$30,720 for approximately thirty months and all work must be completed by September 1, 2015. If there are grant funds remaining upon completion of the grant process, SFE retains the right to reallocate the grant funds.

Geographic Focus – The outreach grant must serve the southeast section of San Francisco, namely the areas adjacent to the Southeast waterfront in the Potrero and Bayview Hunters Point neighborhoods.

Proposal Format – Proposals should be no more than five (5) pages (front and back) in length, not including attachments. Proposals must be typed or computer generated in 12-point font. Proposers must submit the original and three (3) copies printed double-sided on at least 30% post-consumer recycled paper. No plastic binders, folders, or spiral binding will be accepted. In addition, proposers should submit an electronic copy of the proposal to RManion@sfgov.org. The proposing organization is solely responsible for delivering the proposal in an acceptable form by the deadline.

Application Deadline Applications will only be accepted by mail or in person at:

Department of the Environment,
11 Grove Street,
San Francisco, CA 94102
Attn: Raymond Manion

ALL APPLICATION MATERIALS MUST BE RECEIVED BY THE DEPARTMENT BY 3:00 PM ON THURSDAY, FEBRUARY 7, 2013, WITHOUT EXCEPTIONS.

Grant Agreement/Contract Requirement and Payment Process - Before the City can award any grant funds, the grantee must become an approved city vendor and meet Human Rights Commission (HRC) requirements. This process can be arduous and should be started as early as possible in the application process. Required forms may be downloaded from <http://www.sfgov.org/oca/purchasing/forms.htm>. For more information on the HRC requirements and forms, please contact the HRC at 415-252-2500.

Insurance requirements and copies of sample insurance certification forms can be found at <http://sfgsa.org/Modules/ShowDocument.aspx?documentid=729> or by contacting Rachel Buerkle at 415-355-3704. The standard grant agreement may be found on the SFE webpage at <http://www.sfenvironment.org/about/grants>.

The Department's payment process for grants and contracts is generally cost-reimbursement. Payments will be withheld pending timely submission of quarterly progress and final reports. SFE will consider providing an advance in situations where an applicant can demonstrate a legitimate fiscal need.

Timeline for Project Selection:

- ◆ Request for Proposal released: Thursday, January 17, 2013
- ◆ Proposals due: Thursday, February 7, 2013, 3pm, at 11 Grove Street, San Francisco
- ◆ Interview of Applicants (Finalists): February 14 - 21, 2013
- ◆ Announcement of Proposed Grant Award: February 28, 2013
- ◆ Project Begins: The grant award will become effective March 2013.

For more information

Contact Anne Eng at 415-355-3735 or Anne.Eng@sfgov.org

Required Elements of Proposal

- **Application Cover and Checklist (10 pts)** Applicants who do not submit all required documents will lose points.
- **Proposal Narrative** The narrative must include the following sections, and should provide specific details on how the organization will meet the goals which are outlined in the Scope of Work. The 10-page limit (double-sided printing on 5 pages) applies to the narrative, budget and workplan.
 - **Overall Outreach/Education Experience (30 points):** history of work involving primary or major responsibilities in one or more areas from the list below:
 - Community based social marketing
 - Creative participatory outreach campaigns
 - Successful SF/Bay Area Outreach Projects
 - Work with public agencies
 - Media outreach
 - Community/minority outreach
 - Environmental experience

- **Approach to project and understanding of goals (30 points):**

- a. Overview of approach to Scope of Work (30 points)
 - Identification and definition of the issues
 - Design and overall outreach strategy
 - Personnel and/or subcontractors assignment
 - Definition and scheduling of individual tasks, including timeline

- **Work Plan (15 points)**

Please use the attached workplan format. Show that the project is well thought-out and includes milestones and deliverables in a feasible timeline. Describe how the deliverables and outputs support the projects goals. Outputs and deliverables are very specific, from counting the number of participants to products completed; such as number of workshops held, events posted on the SFE website, flyers created, etc. Your program activities or major tasks are those services engaged in and provided to achieve outcomes and outputs. Major tasks should include tasks necessary to evaluate the effectiveness of your project. Please specify who will be responsible for each task i.e. Project Manager, Subcontractor, Outreach Worker, etc.

Please specify the dollar amount from your budget that will be allocated to the tasks in each quarter and provide a quarterly total.

Include reporting, mandatory biannual grantees meetings and evaluation in the workplan. Funding may be withheld if work plan outputs and outcomes are not completed according to the approved schedule.

- **Budget Spreadsheet and Budget Narrative (15 points)**

Show how your project is cost-effective, leverages other resources (e.g., matching grants, service fees, in-kind support) and includes a reasonable, itemized budget. Provide a detailed narrative description of each line item in the budget. Provide a total project budget that includes the amount requested from SFE, the project amounts that will be contributed by the applicant and partnering organization.

The following items will not be counted towards your 10-page limit:

- **Organizational Chart** - Please include as an organizational chart for your organization, including the project team and a list of board of directors. If your organization is partnering with other organizations for this project, please include an organizational chart for the project team, illustrating the relationship between the organizations.
- **Letter(s) of Agreement** – Where a partnering, collaborative and/or subcontracting relationship exists, proposals must include a Memorandum of Understanding (MOU), work agreement, or letter from the partnering organization (s), which documents the relationship between organizations and delineates for which tasks each party, will be responsible.
- **References** – Please submit a list of at least three (3) references with complete contact information.
- **Proof of non-profit status verifying tax-exempt status**
- **Financial Statements and List of Grants Received in Past 3 Years** – see attached cover sheet for details

Selection Process and Scoring

Written Proposals (100 points)

The written proposals will be evaluated by a selection committee comprised of parties with environmental, outreach and social marketing expertise. The City intends to evaluate the proposals based on the ability of the organization to meet the goals of this RFP and the needs of SFE using the criteria above.

Oral Interview (100 points)

Following the evaluation of the written proposals, up to the top three (3) proposers receiving scores greater than 70 points will be invited to an oral interview. The interview will consist of standard questions asked of each of the proposers, and specific questions regarding each individual proposal. The final selection will be based on the oral interview exclusively, and will not factor in the results of the written scores. The selection will be based on answers to substantive questions, communicated experience and communication skills.

Sample Work Plan Format (Included in the 10-page limit)

Time Line	Responsible Staff	Outputs or Deliverables	Budget
Year One First Quarter (Add dates)	•		Personnel: Y1Q1 TOTAL:
Year One Second Quarter	•		Personnel: Y1Q2 TOTAL:
Year One Third Quarter	○		Personnel: Y1Q3 TOTAL:
Year One Fourth Quarter	○		Personnel: Y1Q4 TOTAL:

Sample Budget should include the total project costs including the amount requested from SF Environment.

SAMPLE ANNUAL BUDGET (12 months)						
	Justification	Narrative	SFE	In-kind Cash	In-kind Other	Total Project
PERSONNEL						
Executive Director	2%FTE from SFE	Grant award tracking, performance. In-kind from ABC Foundation	\$ 1,200	\$ 1,200		\$ 2,400
Project Manager	20%FTE from SFE	Organize and support advisory committee; prepare and disseminate updates; conduct outreach	\$ 8,000	\$ 2,500		\$ 8,000

Dear Ms. Ebbert,

I am following up regarding arranging a meeting between Jared Blumenfeld and representatives of the Summit Lake Paiute Tribe. One possibility would be for Jared to come to a Summit Lake Paiute Tribal Council meeting. During the winter their meetings are held in Sparks

Nevada. The next one will be on Saturday February 16 and the one after that on Saturday March 16. If that doesn't work, I will see if Chairwoman DeSoto could make arrangements to come to San Francisco again.

Sincerely,

Aaron Peskin

Aaron:

I just now heard from the Office of the Regional Administrator. Jared's schedule is, as you can imagine, very difficult to pin down at any given point. He has been confirmed to be on travel on January 15, and will be unable to meet with the Chairwoman. Please extend his regrets. If there's any other way I can be of assistance, please let me know.

Dear Laura,

Any word?

Thanks,

Aaron

Aaron: I'll check in with Jared's scheduler and see if there's any availability. However, at the moment it looks like he may be out of the office on work-related travel that day. I will confirm as soon as I can.

Dear Ms. Ebbert,

I realize it is rather short notice, but
Summit Lake Paiute Tribal

Chairwoman Randi DeSoto could
meet with Mr. Blumenfeld in San
Francisco on

Tuesday January 15. If that doesn't
work, I look forward to working with
you to arrange a mutually
convenient time.

Sincerely,

Aaron Peskin

Tribe

Hi Aaron -

I hope you had a good New Year's!

I am in receipt of the letter and agree it would make sense to have a meeting with the Chair. Please can you work with Laura Ebbert to set up a

time that works for all. We can also do a call if in-person is tough to organize.

Best, Jared

Dear Jared,

Happy New Year. Just checking to see if you are in receipt of Summit Lake

Paiute Tribe Chairwoman Randi

DeSoto's letter regarding the on-going

financial matters with EPA? She would like to meet with you in an attempt

to resolve the matter. Please let me know if you have not received the letter which was supposed to have gone out a couple of weeks ago.

Best,

Aaron Peskin
